Summary

This was the first ACT Climate Change Council (Council) meeting of the 2022-22 financial year. The Minister raised an opportunity for the Council to attend the next Climate Action Cabinet Subcommittee meeting to discuss its report on the social cost of carbon. Council Chair provided an update on Council's meetings with ACT Government Ministers. The Council provided an overview of its workplan to the Minister and highlighted the plan's priorities. The Minister committed to sharing the review of the Climate Change and Greenhouse Gas Reduction Act 2010 when complete. The Environment, Planning and Sustainable Development Directorate provided an update on its priorities and recent work.
