

Application form

Complete this form so your eligibility for a rebate under the program can be assessed. The customer and the supplier should jointly fill out the form.

If you want to apply for **both the rebate and an interest-free loan** you need to apply through the Sustainable Household Scheme provider, Brighte.

Further information on the categories of products, eligibility and how to apply can be found on the Everyday Climate Choices website at climatechoices.act.gov.au.

Before completing this form

- 1) Check you are eligible by reading the **Home Energy Support: Rebates for Homeowners – Participant Guidelines**.
- 2) Seek quotes directly from suppliers. You need to use the list of suppliers accredited through the Sustainable Household Scheme <https://brighte.com.au/homeowners/act-sustainable-household-scheme>. Note: Do not use the Brighte marketplace to request quotes.
- 3) Ensure that your supplier is aware that you are installing these products through the Home Energy Support: Rebates for Homeowners Program. The product/s quoted need to meet the eligible product requirements detailed in the **Home Energy Support: Rebates for Homeowners – Participant Guidelines**.
- 4) If your supplier informs you that changes to the initial quote are needed after your application has been approved, please contact the ACT Government on 1300 141 777 as soon as possible to ensure the changes do not impact your eligibility. If there are any discrepancies between the installed products or prices and the quote attached to your initial application form, the ACT Government may contact the supplier and/or rebate applicant for clarification.
- 5) You can fill out this form digitally, save it to your computer and email it as a PDF. If you use a digital signature, you do not need to print the form. Alternatively, you can print and sign page 4.

Section A – Applicant and supplier details (Supplier to complete)

Application Type:

Category A (Solar)

Category B

Product Type:

Solar PV

Reverse Cycle Heating and Cooling (RCHC)

Hot Water Heat Pump (HWHP)

Stovetop/oven

Insulation

Customer first name

Customer surname

Customer email

Customer phone

Customer address

Supplier name

Supplier email

Name of representative signing this form on
behalf of the supplier

Job title of representative
