Bussiness Electric Vehicle Charger Pilot Pre-approval for Rebate

The ACT Government offers eligible businesses with reabtes of up to 50% (capped at \$3,300 incl GST) of the cost of installing electric vehicle (EV) charging infrastructure at their business premises.

To qualify for the rebate an itemised quote must be attached to this form. Businesses must not commit or sign any contract/quote before receiving approval from ACT Government.

Once approved, the businesses will receive written confirmation to proceed with the purchase and installation of the chargers.

Entity Details Legal name of business ABN Address at which the works will take place Suburb State Postcode **Proposed Installation Details** Product cost Labour cost Total cost Item Description Qty Incl GST Incl GST Incl GST
